Lord of the Ocean, Love of the Moon

Hello, Welcome to my first proper fanfic, sorry for a short chapter but I wanted to get some feedback before continuing feel free to give constructive criticism but pls no hate... anyway that's and enjoy :) -Chris P.S its only 1.5k words sorry most in the future I will try to make 2k+ depending on reviews, favs and follows

Chapter One

Percy POV

Unbearable Pain, Sorrow, anguish, the tiny broken pieces of my heart shattering with every step I take, it was unbearable, I felt like killing myself right where I stood, but I couldn't do that, not to my Dad, Nico, Thalia, and most importantly my mum and Paul, I don't know what I'd do without them maybe then I might just kill myself *sigh* "you have to calm down Percy." I kept saying to myself, do it for mum, do it for mum. After I finally calmed down enough I started my journey to my mum's house while reflecting on today's events

Flashback

Still Percy POV

I was so happy, we had finally, finally beaten Gaea and the Giants, Maybe, Maybe I could finally settle down somewhere and live in peace with my beautiful girlfriend Annabeth, _Annabeth... _The name brought a flutter to my chest, after all she was my anchor to the world while bathing in the styx. Now all the awards were being handed out,

Third Person POV

"JASON GRACE" Zeus Bellowed with enough force to rival Tritons trumpet

"Does anyone think that my son is not worthy?" he asked in a slightly quieter tone, no one responded so he continued "Jason my son do you accept our offer of godhood for all that you have done for us?" Jason glanced at piper who nodded beaming at him, he smiled and said "It is my honour father" Zeus beamed with pride as he moved onto the next recipient (Skip the rest and onto Percy I had a mind blank) after a lot of generous gifts he reached the end "PERSEUS JACKSON" Zeus once again screeched an ear splitting yell "We once again offer you the gift of godhood, though half the room including me have a pretty decent guess as to what your answer will be" he mumbled as many nodded in agreement "Good Guess Zeusy" He replied cheekily just for Zeus to roll his eyes "I get the idea whatever you request I will allow if it's in my power and reasonable yada-yada-yada so ask away" he babbled off much to the surprise of everyone in the room "erhm ok, so I would like the peaceful titans such as Leto released and calypso too since you forgot about that since I last saved your asses" he said angrily much to the Olympians guilt, "I would like you to return the throne of milady Hestia and give hades a throne as I believe it unfair that you neglected him and banished him to the underworld just because of an unlucky lots draw, he is more than worthy" Percy finally finished, Zeus then replied "I agree Perseus and uh sorry about calypso, anyways BROTHER SISTER, welcome to the council" he declared as two thrones appeared from the ground, one a dark obsidian black with skulls all over and one a warm fiery one that made you have hope, meanwhile Hestia was rushing over to Percy and hugging him while hades looked at him with a twinge of respect and gratitude. "MEETING ADJOURNED EVERYBODY PARTY!"

One Month Later (Still Flashback)

Percy POV

He was ready, gods be damned if his friends turned their backs on him for _**Zach,**_ he said it like a curse, all he had done is frame him and turn his friends from him, but he didn't care, as long as he still had Annabeth, he had finally gotten Athena's approval to marry her after he jumped into Tartarus to save her and he had finally gotten the ring made, inside the velvet box was the most beautiful ring ever created, its sea green and grey swirls and beautiful glittering diamond In the middle, _Percy and owl head together forever_ was inscribed on the outer ring in a nice golden colour, as he walked down to the beach he was the happiest he had been since his friends leaving him, until he heard them.. "C'mon Annabeth when are you gona dump that loser?" he heard Zach's Disgusting voice... no she wouldn't right? "Later tonight when he comes down here for our picnic I will, then I can tell him how I helped you turn all his friends away from him and only wanted him for the fame! Hah what a loser" tears fell freely from my eyes as I stopped spoke in a demonic voice that was so calm would make the Nemean lion cry for its mummy "_**Oh,**_ _**I heard you loud and clear **__**Annabitch**_" I then stepped into the open making Annabeth gasp and Zach snort "What are you gonna do about it you unclaimed piece of shit" he smirked then his face suddenly contorted to one of pain, "Wha- AHHHâ€¦ is happening" he was smoking and crying for help, I replied in the same

demonic voice "_**What you don't know about me Zach Daniels is that I am not the son of a God But a primordial, son of Pontus has its perks, like how blood is 80% water and right now I'm boiling the water in your blood.." **_I said cackling loudly much to Annabeth's horror as she watched me boil her 'behind the back boyfriend' alive before with one final ear splitting cry of pain he exploded in a pile of guts leaving her crying as I laughed louder, then that laughing turned to sadness, then rage as I stared at Annabeth my eyes showing unbearable pain and sorrow as my heart shattered into pieces, the tides swirled around me and I roared blasting all the water out decimating everything in its path all the way through the forest, Annabitch was crying on the ground as I spoke in a whisper "you're lucky I care about you too much to kill you Annabitch" and with that I threw her the ring and ran off crying to my cabin ignoring the decimation I wrote a note to Chiron stuck it on my bed grabbing my minotaur horn, riptide, some ambrosia, nectar some drachmas, mortal money an ran into the night

Flashback End

***Olympus Throne Room* **

3rd Person POV

It was chaos yelling everywhere, bows being fired, insults everywhere until Zeus shot his master bolt into the air silencing everyone but Annabeth who was sobbing on the middle of the room with rueful stares from Apollo, (They are really close) Artemis (She respects him), Hestia, Athena and Hades. "SILENCE" Zeus choked out, after finding out about the death of his son he was a mess "We have two matters to discuss, the power surge in Poseidon's Domain of water last night, and the death of my son Zach, hence why Annabeth is here both of which are linked, so Annabeth please recount the tale" he demanded "so this is how it all started..." after a lot of dodging blasts of power and Crying courtesy of Zeus she finally finished recounting the night herself also in tears, "so Perseus is a demi-primordial son of Pontus that kept this secret until he killed one of fathers brats that totally had It coming by boiling the water in his blood?" Athena asked her daughter with a slight twinge of disgust as she nodded "I thought you knew better Annabeth" she chided, at that Annabeth wanted to crawl into a hole and die, but she was interrupted by Zeus "I know my son is in the wrong for his doings but Perseus had no right to kill him, He- "Suddenly a scream of anguish was heard and revibrated around the room shocking everyone, he continued "Hermes that's him go get him NOW!" he shouted and with that Hermes disappeared

Percy POV

I just arrived at mums apartment when I felt a tingle in the back of my neck that I knew meant monsters were nearby, I ran to the door and kicked it open begging not to see what I am currently seeing, there lying dead on the floor, beheaded was my mother Sally Jackson and my stepdad Paul Blowfis and next to them, swinging his omega axe was none other than bullhead himself, I looked him dead in the eye and he cringed then with 3 simple worlds he was cowering "**YOU SHALL PAY**" I ran up to him drawing riptide and In one swift movement slicing off his arms causing him to howl in pain as I chopped his legs, I was about to decapitate him when a voice I remembered all too well took over "_**Consider it my revenge for you killing my wife **_**Nephew**" I bristled with rage as I decapitated the minotaur and

let out a cry of anguish and pain, my two strongest ties to life just died, I grabbed riptide and readied it in pen form in front of my heart, I put my hand on the cap, mentally apologised to Nico and Thalia the just before I could flick off the cap Hermes flashed in with a worried look on his face, then he noticed the pen and it turned into a look of horror before he snatched riptide and said "Oh hell no, you're not going ahead and committing suicide yet", then his face darkened "but I'm worried when fathers done with you you'll wish I turned up laterâ€¦"
